# Farmington Valley Trails Council TRAFx Counters

Volunteers currently maintain 6 trail counters to detect traffic in these locations. This data has been used for the Canton/RT 44 Corridor Study, Simsbury LAW Bicycle Friendly application among others.

Counters

The counters are simple infrared detectors.

Reason for data collection

- The Connecticut Trail Census is a statewide volunteer data collection program to inform a better understanding of multi-use trail use and to share data with trail groups, trail administrators, government agencies and the public. Funded by the CT DEEP Recreational Trails Program.
